

C chord. Notice that the right hand strikes the strings in the exact same order (TIM-TIMTM) in every measure even though the actual strings struck may vary.

A sound file for *Do Lord* has been posted at the *BNL* website. If you would like tabs and a practice CD for seven easy-to-play songs that feature the Forward roll, send \$5 payable to me at the accompanying address. Each song is played with gui-

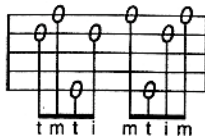

tar accompaniment—first slow, then medium/fast. Please note that this is the same disc I offered with last month's article.

One last reminder for serious beginners looking to get things going in a hurry: I'm teaching the "New Pickers" class at Steve Kaufman's summer music camp in Maryville, TN, June 19–25. See www.flat-pik.com. Until we meet again ... Keep on Picking!
